

The reasons why I have created a web page are given here under:

As the son of Korean War Veteran Retired Infantry Senior Colonel Mr. Cihan Kumbasar, I have at hand accumulation of knowledge of persons who participated to Korean War 67 years ago, namely this book in my hand, photographs, documents, magazines, information. I wish to compile these old photographs, my observations and the written books. In this way, I will be able to document the past to the readers, researchers and historians. My aim is to carry the living memory of the events of 67 years ago and keep it alive in people's hearts and minds and at the same time, in some way try to find a way to prevent the birth of this humanitarian catastrophe called war in a certain section of the human brain, and to try to figure out to which section of the brain is the culpable of this catastrophe and to prevent it to a certain extent. To ensure that now in 2017 and in the future years, the alarm bells of prevention of war continue to ring non-stop in the minds of children, young people, old people and the rulers of the country, as well as to secure that the doves of peace fly over every corner of the world, that the anti-war generations living in our free world are brought up to maintain peace in the world, to reflect and to contribute towards peace.

We must not forget that as is true for all world wars, the thought of war takes shape in people's minds and thoughts; it grows and becomes an evergreen shrub so to speak. Prevention of the formation of unhealthy thoughts should be made possible through common concepts for mankind such as talking face to face, discussing, agreeing, uniting, by highlighting the same perception through sciences, education, love and respect among citizens of all countries in the world as well as to bring up healthy generations.

I hope that the armed forces of the Republic of Turkey, the 1st, 2nd, 3rd and 4th Turkish brigades, members of the 241st Regiment and those who served with the armed forces of the member countries of the United Nations Army, all who participated to the Korean War, alive or deceased, war veterans who fought in the Korean War during 25th of June 1950 – 27th of July 1953 and contributed to the realization of ceasefire agreement, towards ending the war and the establishment of the Republic of Korea and their spouses, children, grandchildren and close relative will share my above mentioned aspirations.

Yours Sincerely,

9th of February 2017

1st Turkish Brigade Korean War Veteran Retired Infantry Senior Colonel Mr. Cihan Kumbasar
His son Hakan Kumbasar
